## CMC Metals Ltd. Announces Commencement of its ESG Initiative

**November 2, 2022. Vancouver, B.C. – CMC Metals Ltd. (TSX-V: CMB) (Frankfurt:ZM5P) (CMCXF: OTCQB) (“CMC” or the “Company”)** is pleased to announce the commencement of an initiative to develop Company policies and a manual relating to environmental, social and governance (“ESG”) issues.

John Bossio, Chairman notes, “This initiative is a great first step in addressing our collective will to ensure our corporate philosophy and operational plans serve to mitigate and adapt project impacts on the environment, climate change, local participation, indigenous concerns and participation, local communities, project benefits, employee safety and satisfaction.”

Kevin Brewer, President and CEO notes “Finding the best way to operationalize issues encompassed within ESG is important for all exploration and mining companies. Our aim is that this initiative will evolve over the foreseeable future in particular in the area of addressing the needs and concerns of local indigenous groups and communities directly affected by our projects. In this manner we can increase the competitiveness of our projects and de-risk both short- and long-term goals and objectives. Determining how indigenous knowledge and participation within this project will be fundamental to our future success.”

### ***About CMC Metals Ltd.***

CMC Metals Ltd. is a growth stage exploration company focused on opportunities for high grade polymetallic deposits in Yukon, British Columbia and Newfoundland. Our polymetallic silver-lead-zinc CRD prospects include the Silver Hart Deposit and Blue Heaven claims (Yukon) and Amy and Silverknife claims (north-central British Columbia). Our polymetallic projects with potential for copper-silver-gold and other metals include Logjam (Yukon), Bridal Veil, Terra Nova and Rodney Pond (central Newfoundland).
